

DAF MULTISUPPORT COMPONENT CARE

REPAIR & MAINTENANCE

DAF MultiSupport Repair and Maintenance supports the **OEM** to offer the operator maximum security at a fixed price per kilometer.

With all new DAF powered Euro 6 applications, the cost effective DAF MultiSupport contract, is available for Original Equipment Manufacturers. It takes care of comprehensive preventative maintenance, necessary repairs on the complete engine and after treatment system associated with DAF's ITS breakdown support, all based on a pre-agreed monthly fee. The repairs and maintenance works are executed by a DAF authorized workshop, allowing the operator to focus on its core business.

DAF Multisupport Component Care supports the OEM to offer a one stop shop solution to the operator and assure:

High quality maintenance & repairs

- *Maximum vehicle availability*
- *Financial control*
